LLM Apps
RAG App Production-Ready Template

RAG App Production-Ready Template

- LlamaIndex has open-sourced a production-quality app template to hit the ground running.
  - SECinsights.ai - analyzing complex financial documents.

Advanced features

- SECinsights.ai goes way beyond the typical Streamlit demo. It is complete with advanced features like:
  - Comparison across documents.
  - Grounded citations.
  - Intermediate reasoning.
  - And many more.

Stack

- It's built with the defacto modern web/AI stack:
    - fastAPI
    - nextJS (Vercel)
    - Llamaindex
    - OpenAI

To use the template

- Fork the full repo to accelerate your LLM App Development:
  - https://github.com/run-llama/sec-insights
